

# Intro to Machine Trades (PMT 101)

## Through the Learning Center

**We have contracted with SWIC to offer this special opportunity.** This class will be held at SWIC and has been scheduled to accommodate USS shifts. The same class will be held in the morning and afternoon so even if your schedule changes each week you will still have the opportunity to attend class. This class combines PMT (100) and PMT (101) and this class is also a prerequisite for PMT (102 Intermediate Machining). This rare opportunity is only for active USW members of Locals 50, 68 and 1899. If we have enough interest in this class we will offer PMT (102) in the future.

**We need a minimum of 20 students. The deadline to sign up for this class is 2:00 pm, Wednesday, May 21 2014.**

Intro to the Machine Trades (PMT 101)
